Letter of Recommendation for Olubunmi Motunrayo Ojo

To whom it may concern:

I am pleased to write a letter of recommendation for Olubunmi Motunrayo Ojo. She was my student in the Mayerfeld Practicum (Data Analysis) Program for the past four weeks, and I believe that I am in a solid position to recommend her.

As her tutor, I have had an opportunity to observe her participation and interaction in class and to evaluate Olubunmi's knowledge of the subject matter. She is an outstanding student in all respects. Olubunmi has proven that through hard work, follow-through, and teamwork, she can accomplish tasks in a courteous and timely manner.

Olubunmi is well-equipped to grow from the challenges that she is presented with. Her proactivity, good staging, and fast learning skills have prepared her beautifully for your organization. During the course, Olubunmi was incredibly receptive to feedback and poured many hours of careful work into delivering the best project possible.

It was an absolute honor to watch how she grew over the duration of my course, and since then, have gained knowledge and practical experience as a data analyst. I have full confidence that Olubunmi will be an asset to your company and help you reach new heights.

I strongly endorse making Olubunmi a member of your team.

Sincerely,

Renato Pavlekovic, PhD
Data Science Instructor
